

# World Exploration - Year 2 - Term 5

## Pirate

A person/ group of people who **sailed ships** around the world looking for **treasure** and other **ships** to attack.

## Continents and Oceans

There are **7 continents and 5 oceans**.  
Asia, Africa, North and South American, Antarctica, Europe and Australia.

The 5 oceans are the Pacific, Atlantic, Southern, Arctic and Indian.

These are large bodies of water that separate the seven continents of Earth. Each ocean has its own **unique properties** and therefore its own **unique marine life**.

## North America/Caribbean

**North America** is one of the seven continents. The **Caribbean** is a group of small **islands** off the coast of North America.

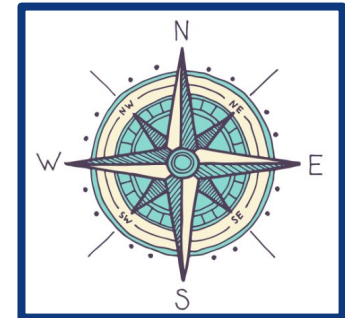

## Compass points

**Compasses** have been used for over 2000 years. They help you find directions – **N (north)**, **E (east)**, **S (south)** and **W (west)** and find the direction you are travelling in. A **needle** on a compass always searches for **north**.

## What do you already know?

- What are the seven continents?
- What are the five oceans?
- Can you explain what a human and a physical feature is?

## Vocabulary

**pirate**

Someone who attacks or robs ships at sea.

**continent**

One of the earth's seven major areas of land (Asia, Africa, North and South American, Antarctica, Europe and Australia).

**ocean**

Seven very large bodies of saltwater (Pacific, Atlantic, Southern, Arctic and Indian).

**compass**

A tool used for showing directions (North, East, South, West).

**physical features**

Physical features are parts of the world that are natural (not built by humans).

**human features**

Human features are parts of the world that have been built by people.
